Line of sight not needed

Infected: when it's defeated, the parasites scurry away. A Dwarf can spend 1 action while adjacent to repair it.

The repaired Bet-C is a friendly unit and can be moved once at the end of each Dwarf's turn. It functions as a mobile sentry gun.

Disable it after resolving a swarm card or before resolving an objective-based event card.

BET-C

SHIELD RIPPER

Place . All creature resistance against + + in the targeted area is ignored. Remove the token and cancel the effect at the start of your next turn.

R4

FRENZY BOMB

Place . While in the targeted area, Dwarves may double the result of the . Remove the token and cancel the effect at the start of your next turn.

R4
